This recommendation is advisory only and not binding on you or the FCC. It does not constitute a judgement that the frequency(ies) specified is(are) best suited to your purpose or that the assignment is exclusive to your Company. In utilizing this recommendation, the Company agrees to release and hold harmless AFTRCC, its officers, members, agents and representatives from and against any claims, losses, damages, or expenses which may arise as a result of your Company's use of the frequency(ies) specified.

This frequency recommendation letter will be valid only for a period of 90 days from the date of this letter. If an application for license has not been filed with the Federal Communications Commission within that period, it will be necessary to request a new frequency recommendation. This coordination is valid for a period of 5 years only.

The original of this letter should be attached to your application for a license when it is filed with the Federal Communications Commission.
